5 March 1975

MEMORANDUM FOR: All DDO Training Officers
SUBJECT : Advanced Operations Course

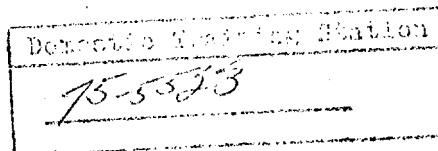

1. The next running of the Advanced Operations Course will be from 31 March until 9 May 1975. As you are aware, the DDO has expressed a desire for the AOC to become one of the "prestige" courses in our operations training track. The success of each running of the AOC is to a great degree dependent upon the experience and the quality of the participants. Training Officers are urged to canvass their components and submit applications of operations case officers who have had at least one tour overseas. Ideally, the AOC should also be recommended for officers who are proceeding overseas this year. Pursuant with present policy it would be desirable if designated Chiefs of Station, Deputy Chiefs of Station and Chiefs of Base could take this course as an operational updating to familiarize themselves with new techniques and procedures.

2. Forms 73 plus a biographic profile should be forwarded to this office by 21 March 1975. A pre-course briefing will be held on 27 March 1975 at Headquarters.
